

Husson, S.J., Morrogh-Bernard, H.C., Dragiewicz, M., Struebig, M., Pearce, H. & Page, S.E. 2007. Mammal Fauna of the Sabangau Peat-swamp Forest

English name	Latin Name	Habitat	IUCN	Comments
South-east Asian white-toothed shrew	<i>Crocidura fuliginosa</i>	Camp		dead individual found in camp
Slender treeshrew	<i>Tupaia gracilis</i>	MLT		common
Common treeshrew	<i>Tupaia glis</i>	MLT		common
Painted treeshrew	<i>Tupaia picta</i>	MLT		possibly confused with Ruddy treeshrew
Ruddy treeshrew	<i>Tupaia splendida</i>	MLT		common
Lesser treeshrew	<i>Tupaia minor</i>	MLT		possibly confused with Slender treeshrew
Colugo	<i>Cynocephalus variegates</i>	M		elusive, one sighting
Large flying fox	<i>Pteropus vampyrus</i>	RM		once common, now near local extinction
Tailless fruit bat	<i>Megarops ecaudatus</i>	M		trapped in harp traps
Lesser tube-nosed bat	<i>Murina suilla</i>	M		trapped in harp traps
Small woolly bat	<i>Kerivoula intermedia</i>	ML	NT	trapped in harp traps
Least woolly bat	<i>Kerivoula minuta</i>	M		trapped in harp traps
Whitehead's woolly bat	<i>Kerivoula whiteheadi</i>	M		trapped in harp traps
Clear-winged woolly bat	<i>Kerivoula pellucida</i>	M		trapped in harp traps
Hardwicke's woolly bat	<i>Kerivoula hardwickii</i>	M		trapped in harp traps
Trefoil horseshoe bat	<i>Rhinolophus trifolius</i>	M		commonly seen when flushed from day roosts
Whiskered myotis bat	<i>Myotis muricola</i>	M		trapped in harp traps
Slow loris	<i>Nycticebus coucang</i>	MT		nocturnal, elusive
Western tarsier	<i>Tarsius bancanus</i>	M		nocturnal, elusive
Red leaf monkey	<i>Presbytis rubicunda</i>	MT		common
Silver leaf monkey	<i>Trachypithecus cristatus</i>	RM		seen near Katingan river, unconfirmed sightings in LAHG
Proboscis monkey	<i>Nasalis larvatus</i>	RM	E	lower reaches of Sabangau, Katingan and Bulan rivers, in decline
Long-tailed macaque	<i>Macaca fascicularis</i>	RM	NT	common on all rivers
Pig-tailed macaque	<i>Macaca nemestrina</i>	MT	V	regularly seen, large groups
Bornean agile gibbon	<i>Hylobates albibarbis</i>	MLT	NT	abundant
Bornean orangutan	<i>Pongo pygmaeus</i>	MLT	E	abundant
Pangolin	<i>Manis javanica</i>	M		nocturnal, elusive
Giant squirrel	<i>Ratufa affinis</i>	MT		seen occasionally
Prevost's squirrel	<i>Callosciurus prevostii</i>	MT		needs confirmation
Horse-tailed squirrel	<i>Sundasciurus hippurus</i>	M		needs confirmation
Low's squirrel	<i>Sundasciurus lowii</i>	M		common
Shrew-faced ground squirrel	<i>Rhinosciurus laticaudatus</i>	M		photo of trapped animal confirmed large range extension for species
Black-eared pygmy squirrel	<i>Nanosciurus melanotis</i>	MT		often heard
Plain pygmy squirrel	<i>Exilisciurus exilis</i>	MT		often heard, regularly seen
Plantain squirrel	<i>Callosciurus notatus</i>	MLT		camp resident, common
Black flying squirrel	<i>Aeromys tephromelas</i>	M		nocturnal, elusive
Whiskered flying squirrel	<i>Petinomys genibarbis</i>	M		nocturnal, elusive
Dark tailed tree rat	<i>Niviventer cremoriventer</i>	M		nocturnal, elusive

English name	Latin Name	Habitat	IUCN	Comments
Grey tree rat	<i>Lenothrix canus</i>	M		needs confirmation
Mullers rat	<i>Sundamys muelleri</i>	MT		common
Polynesian rat	<i>Rattus exulans</i>	ML		environs of camp, associated with man
Red spiny rat	<i>Maxomys rajah</i>	M		few trapped records
Whiteheads rat	<i>Maxomys whiteheadi</i>	MLT		common, especially in secondary forest
Common porcupine	<i>Hystrix brachyura</i>	T		reported locally, not confirmed
Thick-spined porcupine	<i>Thecurus crassipinis</i>	T		reported locally, not confirmed
Sun-bear	<i>Helarctos malayanus</i>	MLT	DD	many signs, regularly seen
Yellow-throated marten	<i>Martes flagula</i>	M		seen occasionally
Malay weasel	<i>Mustela nudipes</i>	M		two sightings
Oriental small-clawed otter	<i>Abolnynx cinereus</i>	RM	NT	sometimes seen on rivers and in forest when flooded
Hairy-nosed otter	<i>Lutra sumatrana</i>	R		locally reported, not confirmed
Common palm civet	<i>Paradoxurus hermaphroditus</i>	MT		occasionally seen, may have suffered from logging
Malay civet	<i>Viverra zangalunga</i>	MT		common but elusive
Small-toothed palm civet	<i>Arctogalidia trivirgata</i>	MT		occasionally seen, may have suffered from logging
Banded Linsang	<i>Prionodon linsang</i>	ML		locally reported, not confirmed
Binturong	<i>Arctictis binturong</i>	MT		occasionally seen
Short-tailed mongoose	<i>Herpestes brachyurus</i>	(M)L		reported once
Clouded leopard	<i>Neofelis nebulosa</i>	MT	V	reported, but never seen
Leopard cat	<i>Prionailurus bengalensis</i>	M		regular signs
Marbled cat	<i>Pardofelis marmorata</i>	M	V	one record from '93
Flat-headed cat	<i>Felis pleneiceps</i>	M		two sightings
Bearded pig	<i>Sus barbatus</i>	RMLT		population recovering
Lesser mouse-deer	<i>Tragulus javanicus</i>	MT		common, but elusive
Greater mouse-deer	<i>Tragulus napu</i>	MT		uncommon
Borneo yellow muntjac	<i>Muntiacus atherodes</i>	T		heard in tall pole
Sambar deer	<i>Cervus unicolor</i>	MT		elusive, rare or locally extinct from hunting
Key to table				
<i>Habitats</i> : R= River and Marsh habitat; M = Mixed Swamp Forest; L = Low Pole Forest; T = Tall Interior Forest; B = Burnt forest.				
<i>IUCN</i> : CR = Critically endangered; E = Endangered; V = Vulnerable; NT = Near-threatened; DD = Data deficient
